Athletic Handbook

Revised September 2016

PHILOSOPHY

Students and parents should understand the philosophy of extracurricular athletics in Onoway. Our after-school sports are designed to develop and provide opportunity for the school's elite athletes. Students must try out for school teams and successful candidates must be dedicated, hardworking, and skilful in the respective school sport. All players will practise and develop their skills; however, it is the coach's responsibility to assign playing time during competition based on the needs of the team. **Not all players will get equal playing time; the goal is to field the most competitive team possible.**

As the athletes represent the school within and outside the school division, exemplary behaviour is expected at all times. It is not a right to play in school sports, it is a privilege. When visiting other schools, we strive to leave a positive impression.

Athletes will be given practice time and the best coaching we can provide to develop their potential in extracurricular sports. They will have social opportunities, road trips, and the opportunity for high level competition as well as the chance to win medals, division trophies, and honour for themselves, their school and their community. Coaches of Onoway Junior Senior High School feel that extracurricular sports involvement can be one of the most rewarding experiences available to students.

Communication Coaches Accept from Student Athletes:

- Notification of any schedule conflicts well in advance
- Specific concerns in regards to a coach's expectations and/or philosophy

As your son or daughter becomes involved in the sports programs at Onoway Jr Sr High School he/she will experience some of the most rewarding moments in their high school career. It is important to understand however that there will be times when things do not go the way you or your son/daughter wish. At these times, discussion with the coach is encouraged.

Communication Coaches Accept from Parents:

- Concerns expressed directly to the coach away from the court setting (24 hour rule)
- Notification of any scheduling conflicts well in advance
- Specific concerns in regards to a coach's philosophy and or expectations.

Appropriate Concerns to Discuss with Coaches:

- The treatment of your child mentally or physically
- Ways to help your child improve
- Concerns about your child's behaviour

It is difficult to accept your child is not playing as much as you or they may hope. Coaches are dedicated individuals who make judgement decisions based on what they believe to be the best for all athletes involved. There are certain things that should be discussed with your child's coach, however there are also certain things that should not be discussed. Those decisions will be left to the coach's discretion.

Issues Not Appropriate to Discuss with Coaches:

- Playing time
- Team strategy
- Play calling
- Other student athletes unless it directly impacts your own

These are situations that may require a conference between the coach and the parent. These are to be encouraged but the following procedures should be followed to help promote a resolution to the issue of concern.

Procedure for communicating an issue regarding your child.

- Wait 24 hours from the day of the game and incident.
- Communicate first with the coach in the manner the coach establishes.
- Only speak to the topics listed above that are with the coaches authority.
- If further mediation is needed call and set up an appointment with the coach, Mr. Pyde or Mr Lougheed

- The principal may become involved as a final step upon the request of the Athletics Director.

CRITICAL RESPONSE PLAN

Students earn the privilege of participating in athletic based on good school citizenship, accepting responsibility and maintaining appropriate behaviour in school and at school events. Onoway High School staff and administration believe that all students should be accountable for their actions.

I understand that teachers and administrators may remove athletes from competitions based on behaviours exhibited in or out of class, during school hours or at school events. Those students may be excluded from all extracurricular activities.
